BAB III GAMBARAN UMUM PERUSAHAAN ......................................... 24
3.1 Rancangan Penelitian ............................................................... 24
3.2 Objek Penelitian ...................................................................... 24
3.3 Definisi Operasional Variabel .................................................. 25
    3.3.1 Variabel Dependen ............................................................ 25
    3.3.2 Variabel Independen ........................................................ 28
3.4 Teknik Pengumpulan Data ......................................................... 29
3.5 Metode Analisis Data ................................................................. 30
    3.5.1 Statistik Deskriptif ............................................................ 30
    3.5.2 Uji Outlier ........................................................................ 30
    3.5.3 Uji Asumsi Klasik ............................................................. 31
    3.5.4 Uji Hipotesis ................................................................... 33

BAB IV ANALISIS DAN PEMBAHASAN ........................................... 35
4.1 Sampel Penelitian ................................................................. 35
4.2 Statistik Deskriptif ................................................................. 35
4.3 Hasil Uji Outlier ................................................................. 39
4.4 Hasil Uji Asumsi Klasik ......................................................... 39
4.5 Hasil Uji Hipotesis ................................................................. 42

BAB V KESIMPULAN, KETERBATASAN, DAN REKOMENDASI .... 47
5.1 Kesimpulan ........................................................................... 47
5.2 Keterbatasan ......................................................................... 48
5.3 Rekomendasi ......................................................................... 49
