*The purpose of this thesis is to discuss the court's responsibility for the main court itself according to the Criminal Code (Criminal Law) and the application of the law to the Brebes court itself in case Number 44/Pid.B/2014/PN.Bbs, 12 August 2014.*

*The research method used by researchers is a normative method, namely research carried out based on published regulations and library studies to produce new arguments, theories or concepts as recipes in solving problems that exist in this study.*

*The conclusion that researchers can conclude in this research is that vigilante acts (eigenrichting) are actions that punish a party without going through a process that is in accordance with the law which can be subject to criminal sanctions contained in article 170 of the Criminal Code concerning violence, that is, can be subject to criminal liability if it fulfills the elements of criminal liability.*

*Keywords : Criminal Code, Eigenrichting, Vigilante, Violence, Criminal Liability*
