## ***DEVELOPMENT OF FINANCIAL STATEMENTS IN BLESSED STORE***

**Anggie Loreta  
NPM : 1641144**

### ***ABSTRACT***

*The purpose of doing this practical work is to develop blessed shop business so that it can make good financial reports and that the owner can make the right decision in carrying out operational activities. The author seeks information about the problems faced by these businesses by conducting interviews and observing methods, and then identify the problem.*

*Then the authors design a financial statement system from the identification results obtained from the method in the form of Microsoft Excel to facilitate the business owner in entering financial data.*

*The financial statements aim to provide detailed financial information related to a business such as profit and loss and balance sheets which are presented in the form of a report so that stakeholders can make the right financial decisions.*

*Keywords: Income Statement, Balance Sheet Report*
