

ABSTRACT

CALCULATION OF PROPERTY VALUE OF ERW WORKSHOP BUILDING PT. SERVOTECH INDONESIA

Rizki Dwi Putra
NPM : 1511010

Practice work is carried out with the aim to see directly or prove the theory that has been learned during lectures and apply in the real world of work. This practical work is carried out at the Kantor Jasa Penilai Publik (KJPP) MBPRU. The calculation of the *property value* of the *workshop* building is a building of ERW Workshop which has 1 Floor *Workshop* + 1 Floor of Meazanin Office. This practical work is carried out in the Kantor Jasa Penilai Publik (KJPP) MBPRU.

The practical work done is to calculate the value of property. The calculation of *property value* uses the cost approach method. Based on calculations using the cost approach method, the calculation results for the ERW *Workshop property value* are Rp 92.540.900.000,-

Keywords: *workshop, value, property*
